Delaware Bio welcomes **U.S. Senator for Delaware, Christopher Coons**, and **Director of the U.S. Patent & Trademark Office (USPTO), Andrei Iancu**, on September 21st for an interactive discussion. This IP Legal Forum provides a unique opportunity for in-house and firm-based intellectual property attorneys to meet with Senator Coons and Director Iancu to discuss the intricacies of IP law and IP reform legislation.

Senator Coons is sponsoring two pieces of legislation, the STRONGER Patents Act & the BIG Data for IP Act, aimed at fortifying our IP system. As stated by Sen. Coons, Director Iancu leads a team "of more than 12,000 people, with the key mission of granting patents and registering trademarks. In fiscal year 2017, that meant receiving 650,000 patent applications and 600,000 trademark applications...the lifeblood of innovation and thus of the American economy."
